## Administration

My greatest satisfaction as an administrator is graduation and the period following graduation when I see our graduates achieving success in their goals.

**James Dumont**

As an educator, it is my responsibility to help young people develop the skills, knowledge and attitudes which will give them the most satisfying lives as adults. Because people differ so extensively, no formula can be worked out to accomplish this. We must be experts in analyzing the situation with each individual and help him according to his needs in this direction.

**Steve Jones**

My greatest satisfaction as an administrator is when a students 'Gets His Head on Straight' after I have worked with him.

**Ken Spalding**

My worst job as an administrator is that schools are for preparing young people to cope with life by providing them with the tools of education. When I have to suspend a student for disciplinary reasons, the student is being cheated out of his preparation. My job is to keep students in school whenever possible. However, there are times when action must be taken for the good of the student body.

**Allen Kennerly**

My greatest satisfaction as an administrator is knowing that I am of some service to the school and the community while working with young people.

**Al Leavell**

As Superintendent of Schools, it is my responsibility to see that the school district is organized in a manner that allows students the opportunity to receive a quality education.

**B. J. Davis**

In my opinion, "worst job" does not exist as long as you accept everything as a challenge.

**Frank Kraus**

## ENGLISH

My teaching area concerns itself with the practical and the aesthetic. Knowledge of the language arts is of immeasurable value in one's vocation; in addition, the individual may gain self-knowledge. **Helen Kuenstler**

Ethnic Literature helps students understand that just because someone is different he doesn't have to be bad. It helps them deal with people. **Helen Veloff**

The apathetic attitudes of students bother me. I find it difficult to understand a student being satisfied with just barely passing. **Wendy Kambarian**

Many students are beginning to realize that learning can be fun. **Paul Skalisius**

I hope I teach the students to be aware of their own ideas and yet respectful of the views and ideas of others. **Karen Thaman**

To function in society a student must know how to read and write. Literature should help him develop a philosophy of life and to take a closer look at his values. **Mary Johnson**

Our students are more solicitous of their teacher's approval than any students I have encountered. They nod and smile greetings in the halls, and off campus, too. Nowadays, this is not the case everywhere. **JoAnn Aleman**

Teaching is special when a student sometimes will show that he is at least motivated. Among slow learners, this is rare. **Marjorie Richards**

I enjoy teaching Senior Composition because it is like being the quarterback at the 30 yard line in the last two minutes of a tie game. It's a challenge. **Carolyn Davidson**

## MATH

Freedom for each person to set goals and the opportunity to attain these goals are the greatest accomplishments of America.

**Edward Lenzi**

To achieve two-way communication, there should be more respect for teachers and administrators by students and more respect by faculty for students' feelings.

**Larry Noeth**

The greatest problem that the U.S. faces is learning to live with the rest of the world.

**Carol Margerum**

## SCIENCE

Most students are still mannerly and well-behaved. Problems are caused only by a small minority.

**William Rotter**

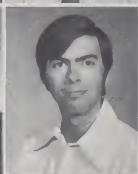

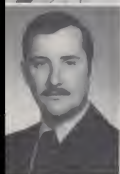

I try to teach students to have a greater understanding and appreciation of the world around them and the living things in it. If we can develop these appreciations, students should have more incentive to enjoy and protect our environment.

**Marvin Rensing**

I would like to see some basic standards set for graduation. Too many students "slip" through high school without having learned the basics necessary to be a productive citizen.

## SOCIAL SCIENCES

What makes Granite South special to me is every other Friday.

**Melvin Bunting**

The civics course should prepare students to become better citizens by teaching them to accept responsibility and to respect the rights of others.

**Albert Zebio**

My most memorable experience at South was when I was standing on my desk to prove that up is not north and an administrator walked by, staring rather strangely at me.

**Beverly Frazier**

When it was in front of the school, the smoking area looked horrible. It looks just as bad in the back.

**Stanley Wojcik**

Teaching American history, our great past which creates the present, helps a student function in our society.

**Ralph Barker**

Our nation's greatest problem is the diminishing influence in the United Nations which is a result of the voting bloc created by the recent proliferations of nascent states. I think this is going to get us into many dangerous situations in the near future.

**Eugene Smallman**

Our school needs more discipline!

## MUSIC

Music is the only course in school where a group of students get together and willingly accepts the direction of one person. It is a unique learning situation since other classes encourage individualism.

**Mary Bright**

## FOREIGN LANGUAGE

If every student could learn another language, I feel that it would make for a better world—happier people.

**Muriel Kratz**

I consider the greatest accomplishment of the U.S. to be the racial, religious, and sexual equality to a degree unknown in other countries.

**John Sellmeyer**

I teach my students to listen!

**Dennis Church**

## DEVELOPMENTAL STUDIES

I would like to have a photography class established so students may take it for credit.

**DeeMana Spudich**

## ART

I like teaching here because it's not like work; it's more like home!

**William Smoltz**

I have had exceptionally talented and good students; plus I've been able to try my own ideas in teaching and have found most of them very rewarding. In eight years here, 1975-76 will probably go down as my favorite school year.

**Dorothy Mitchell**

## HEALTH EDUCATION

I really enjoy teaching health because it is about human life and what we can do to make our lives better and last longer.

**Barbara Leach**

Unless discipline develops, the entire school will cease to function as an educational facility.

**Gregory Patton**

## DRIVERS EDUCATION

I would like to see more consistency on rules and the demise of homeroom.

## HOME ECONOMICS

I enjoy teaching Senior Foods. The seniors I have had in foods lab are eager to try new products. The atmosphere is very relaxed and comfortable. The students work well together.

**Catherine Riebold**

To be honest, dependable, and take care of responsibilities are three things I hope that I teach to all of my students.

**Mary Yevin**

Consumer and Home Management is the course that I truly enjoy teaching because the material is so relevant to the students everyday living.

**Donna Boudet**

## VOCATIONAL EDUCATION

I would like to see this school become completely separated from North and for all vocational classes to return to a three hour program.

**Joe Kutosky**

Vocational Education gives a student the ability to see beyond his nose, look ahead, plan for his future, and struggle never to give up. Above all, sell the product that you have; that product is yourself.

**Larry King**

I would like to see stronger discipline at this school. Also, I hope the smoking area is done away with.

## BUSINESS EDUCATION

The best thing about GCHS South is the school spirit of the students.

**Fay Carlisle**

Teaching at GCHS South is special to me because I've been in the community for a period long enough to know many parents of current students.

**Wilma Hodshire**

I teach skills with which a student can earn a living, and I hope that I teach attitudes and behavior standards that will make my girls employees and it is great to rejoice with an advanced student each time she masters a new level—100,110,120. Many of the students really do become quite good. I don't know who is more proud, they or I.

**Hazel Towery**

## LIBRARIANS

I would like to see the library become the center of the learning environment.

**Betty Harmon**

To help the student function in our society, I try to help students learn to think for themselves and find information they are seeking by themselves.

**Judy Hampton**

## COUNSELORS

I think the greatest accomplishment of the U.S. is the fact that it has grown for 200 years (almost) under the same Constitution.

**Selma Nelson**

The greatest problem the U.S. faces is the decay of ethical standards, energy, lack of good leadership.

**Dorothy Reynolds**

The kids at GCHS South make teaching special; without them, there'd be no need for schools or teachers!

## COLLEAGUES

The students have not changed too much. Some still need more attention than others. Many parents have changed—I feel they have sadly neglected their children.

**Beth Spengler**

Working with so many fine people and the job they try to do makes Granite South special.

**Russ Johnson**

My favorite memory of South is moving to the new cafeteria.

**Mary Phillips**

My worst memory about South is busting students for drugs or marijuana.

**Arthur Asadorian**

As for future changes I would like to see a better established dress code and to remove the smoking area.

## The Last Year

It's a special privilege being president of the senior class. The class of '76 is small, but it seems to be more friendly than the previous senior classes. I've enjoyed being president of such a special group of seniors. I feel that the seniors of this '76 class will be successful in all that they do.

### Randy Keeton, President

Being vice-president of the 1976 Senior Class has been quite an honor. I sincerely hope that future years can be as exciting and prosperous as '76.

### Tom Shipley, Vice-President

I like getting involved with the senior class because I meet a variety of people. In addition I'm really looking forward to planning the tenth-year reunion.

# Almost Finished

Being in Student Council gives me the chance to really get involved in class activities.

**Marsha Mainer**

**Junior Class Secretary**

Being a Junior, a student feels he is more a part of the school, with the senior year and graduation in the not-so-distant future. Excitement over the thought of being "at the top" after the thirteen year climb, is all a junior can think of. Thinking of graduation is enough to make juniors struggle through their health, history, and chemistry classes, trying to achieve a goal they have been working for since they were in kindergarten. Planning and preparing for a college education is an important responsibility for a Junior such as taking the ACT test, applying for a college scholarship, and seeking information about a particular college.

Juniors also have good times and pleasant memories from their past years in high school, the dances, football games, plays, and clubs. Juniors always seem to keep busy and involved with their exciting high school curriculum, always saving enough time to be able to help a fellow student.

## A Year's Experience

We sophomores have just passed the first step toward graduation, but there is still a long road ahead of us. I hope that there is something I can do to help us get there.

**Larry Heagy**

As this school year started, the sophomore class was prepared to accept the responsibilities of school work. The year's experience that the sophomores gained as freshmen helped considerably. The sophomore class has more electives to choose from in their class programs this year.

## A Unique Year

I've really enjoyed my freshman year, meeting all the new people and especially the cute guys.

**Dana Harris**

The freshman class is indeed a very unique group of students. The students are entering an academic atmosphere different from any they may have previously experienced. A minimum of authority, requiring a great deal of personal responsibility, prevails through out the school. Some of the benefits freshmen enjoy include open campus, elective courses, clubs, and many other extracurricular activities.

# Varsity Football: A Winning Season

The attitude of the players and coaches made the year a success.

**Keith Moran**  
Defensive Captain

The team was able to succeed because of comradeship, not only among the players but all the people involved—the coaches, trainers, Red Peppers, fans and student body.

**Doug Hartman**  
Offensive Captain

Long hard practices and team spirit produced a winning season. With speed and power in the backfield, a versatile quarterback, and great blocking by the offensive line explains the Warrior 5-4 record.

The fighting Warriors displayed their skills in the first game against North, but a freak play led to defeat in the last minute and seventeen seconds. The Warriors proved that they wanted a winning season by defeating powerful Riverview Gardens, ranked fourth in Missouri. With a consecutive losing and winning pattern, the Warriors changed the trend with a 20-18 win over Alton.

Shifty runner, Alan Benko, led the ground attack for 478 yards and six touchdowns. With credit for 101 tackles, Dough Hartman made the All-Metro team and received the Most Valuable Lineman Award at the sports banquet. Defensive captain, Keith Moran, received the Most Inspirational Senior Award, and honorable mention for the All-Metro team. The Most Valuable Player, Joe Ward, gained nearly 700 total yards, averaging 4.7 on the ground and 24.2 in the air. Joe also led the team in interceptions with five and was the St. Louis Post Dispatch's lineman of the Week, as well as making the All-Metro second team.

Supporting these players were Jim Jackson with an average of 17.1 yards per reception and Frank Barunica with an average of 3.9 yards per carry. Quarterback Bryan Bunjan, also received honorable mention on the All-Metro team as punter averaging 32.2 yards per punt. Steve Avedisian and Charlie Ruth anchored the offensive line while Ed Prazma and Stan Myers contributed greatly to defensive success.

# Competitive Spirit

The South Warriors ended the football season with a 5-4 record. The 1975 seniors who stayed with the program did an outstanding job in turning the program around. The school should thank them for their accomplishments on the field.

We have a good junior class coming up and many will be seasoned veterans for the 1976 campaign. The coaching staff will be expecting a lot from these people to maintain a winning tradition for South.

Clipping Larry Schleicher in the North game was my biggest mistake. The clip called back Joe Ward's 57 yard touchdown run.

Jim Jackson

My favorite game was against Alton because we had to come from behind. I had a vital interception.

Ed Prazma

Defeating the Kahoks at Collinsville was my favorite game. It was the first time the Warriors have beaten Collinsville in a long time.

Byran Bunjan

I feel I contributed many key blocks this season. In the Collinsville game, I helped open the hole, enabling the running back to score the winning touchdown.

Charlie Ruth

The win against Riverview Gardens put us on our way to winning season.

Stan Myers

When I was sleeping during the films and I was asked what play was just run was my most embarrassing moment.

Steve Avedisian

The difference in this year's team from last year's is confidence and a desire to prove something.

Joe Ward

Defeating Collinsville for the first time in five years was my favorite game. The team played very well.

Doug Hartman

Riverview Gardens was the best game because of the thrill of winning a game and an easy week of practice afterwards.

Mike Turner

I have a strong emotional feeling about leaving football.

Keith Moran

I played my best in the East St. Louis game.

Frank Barunica

My favorite game was against East St. Louis. I had twenty points and eighty-three yards.

Alan Benko

## Sophomore Football

Riverview Gardens was my favorite game because it broke the long losing streak.

**Cliff Moran**

The sophomore football team was inconsistent this year. In the opening game the team beat North by one point. One of the largest wins was the victory over Cahokia 35-14. An unusual score this season was the 2-0 win over Collinsville. A safety, a tackle of the offensive team in the end zone, led to the low score.

The staff is impressed with many of the young players. With the right attitude and much hard work, future Warrior football teams will be successful.

## Freshman Football

The whole team worked together to make a victory over C.B.C.

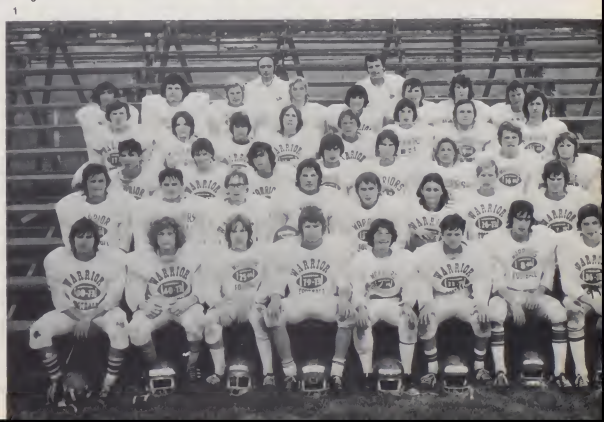

### Jeff Parker

The freshman team had a 6-0 win over its greatest rival, Granite North. An impressive victory over C.B.C., 28-0, pleased both the players and coaches.

At the fall sports banquet Jeff Parker received the Chris Morkoski award. This award is given to the most outstanding freshman football player.

## Varsity Soccer Sectional Champs

Ball control, speed, and endurance are special skills required to play soccer.

### Co-Captain Gerard Alvarado

Coach Baker improved my idea of the game, moves, spirit, and character.

### Co-Captain Mark Goldschmidt

The 1975 soccer Warriors ended their season with a record of 19 wins, 3 losses, and 2 ties. A powerful Warrior defense allowed only 15 goals, while a skillful offense scored 74 times. The Warriors opened the season with a 5-0 defeat over Alton. The Warriors suffered their first loss to New Trier West, 1-2. The soccer team's greatest rival, Granite North, was played to a 0-0 tie. With 13 regulation games left, the Warriors allowed only one tie and had 12 victories. In the last seasonal game, Quincy Notre Dame suffered a crushing 6-0 defeat by the Warriors.

The soccer Warriors were the number one team in Southern Illinois. The Warriors earned a sub-sectional title by defeating Gibault 6-0 and Assumption 4-2. The Warriors received the sectional title after defeating Granite North, 1-0. In the state soccer finals the Granite Warriors were paired with Hinsdale Central. Hinsdale proved to be tough competition and went on to win the state soccer title. After four periods and one overtime, the two teams had battled to a 0-0 tie. Two minutes into the second period of overtime, a Hinsdale player, Robert Sheasby, collided with the Warrior goalie, Randy Lyerla, freeing the ball which rolled into the net for the score.

Mark Goldschmidt was elected Most Valuable Player, named to the Illinois State High School team, and the All-Metro East soccer team. He also had credit of 16 goals and 9 assists. Gary Phelps and Rick Fernandez made the All-Metro East team. David Goldschmidt was named to the All-State Tourney team.

Coach Baker undoubtedly knows more about the sport than most high school coaches in the area.

Mark Schwarzkopf  
Quickness and good hands are special skills required to be goalie.

Randy Lyeria  
My most embarrassing moment was in the game against Wheaton Central. I kicked at the ball, missed, and fell down.

Gerard Alvarado  
Playing soccer at an early age gets you mentally and physically prepared.

Mark Spiroff  
Defeating North at the Sectional final was my favorite game.

Ray Gonzalez  
Playing soccer at an early age increases your desire to play and increases your experience through mistakes.

Mark Goldschmidt  
You need a good coach to have a winning season. Ever since Coach Baker has been coaching soccer here, we've had a winning season.

Joe Theis  
Losing to Hinsdale Central at the state finals was my biggest disappointment.

Rick Fernandez  
My most embarrassing moment was in the Collinsville game. I had a break-away and the fullback tackled me.

Dave Goldschmidt

# JV Soccer Undeclared Season

I feel next year's varsity squad will be successful.

## Mike Austin

The victorious JV soccer team currently has a 19 game winning streak carried over from last year. With a final record of ten wins, zero losses, and two ties, the young Warriors look very promising for next year's varsity squad. The JV team allowed only three goals, while scoring thirty-six times. The young Warriors had powering wins over Alton, Waterloo, Cahokia and Assumption. The first strong competition came from Granite North. Outstanding playing by both schools resulted in the 0-0 deadlock. The next tough rival was McCluer North. After four periods of play, Granite South and McCluer North battled to a 1-1 tie.

Top scorer was Mike Austin followed by Fred Schuler. The defense consisting of Dan Long, Barry Briggs, Steve Spencer, Dave Moutria and goalie Bob Parsaglian allowed only three goals this year.

## Cross Country Team Effort

My biggest disappointment this year was not qualifying for state finals.

### Captain Frank Holmes

The 1975 Warriors ended their season with 3 wins and 3 losses. Although the Warriors cross-country course is relatively easy, the Harriers travel to SIU to prepare for meets. Scoring is based on the way the runners place during a meet. The sum of the places determines the team score; low score wins.

Frank Holmes, Randy Presswood, and Mike Cothorn placed 1st, 4th, and 5th respectively in their 25-37 victory over O'Fallon. Long hard practices enable the Warriors to capture 2nd through 6th place in their dominating win over Collinsville. They finished their regulation season with a defeat over O'Fallon for the second time.

After finishing 4th in district competition, the Harriers moved on to the sectionals. Although the team finished seventh in sectionals, Frank Holmes placed 11th missing state qualifications by one place.

Frank Holmes was the number one runner for the Warriors this year and received the Mr. Road Runner award. Because of his attitude, Don Meagher received the Most Dedicated Runner award at the sports banquet. Glenn Ahlers received the Most Improved Runner award while his brother Scott Ahlers was the most outstanding freshman.

Varsity runners Randy Presswood, Russ Presswood, Mike Cothorn, and Glenn Ahlers were also outstanding this year. Many fine young runners will be taking the place of the graduating seniors. With much conditioning and hard practices over the summer, the Warriors will be ready for next year.

Cross country is a sport that puts man against man in clean hard competition.

Don Meagher

My favorite meet was against Collinsville at Woodland Park. At one time I had last place but finished 3rd.

Russ Presswood

I feel I made an attempt to keep everyone's morale high.

Mike Cothran

I favored the Belleville West Invitational because I competed against runners with the same ability as mine.

Glenn Ahlers

I prefer Highland's course because of the hills.

Randy Presswood

I was most embarrassed when I got caught eating the coaches' doughnuts and coffee at Edwardsville.

Scott Sabo

My biggest disappointment was not running up to my ability, because mentally I would talk myself out of running well in the race.

Gene Smart

At the Edwardsville Invitational I beat Ken Meagher for the first time.

This was my favorite meet.

James Dumont

## Golf

### Sixth In Districts

The golf season was unusual this year in that our coach, Mr. Lane, was from North. When we played North, one wonder who he might be pulling for. Our season was highlighted, however, by our win against Collinsville.

#### Kevin Worster

South ended their golf season with a 3-12 record, scoring wins against Collinsville, Cahokia, and East St. Louis. Although the Warriors had an unimpressive record, the team did capture sixth place in district competition.

Kevin Worster led the team with an average of 43 while Jay Fedora was second with 45. Alan Schuler, Jay Fedora, Kevin Worster and Don Elmore were the senior lettermen this year. Returning lettermen will be Jim Cedor, Al Collins, Bob Crawford, and Benny Brown.

Coach Lane feels very optimistic about next year. He feels that the team will have the experience that has been lacking if the boys will practice during the summer.

## Varsity Wrestling First In Districts

I was hoping more wrestlers would go to state. I am proud to be continuing Coach Schmidt's record of having a wrestler go to state for the past 26 years.

### Steve Avedesian

This year the matmen ended their season with 20 wins, 2 losses, a district championship and sent one wrestler to state although area newspapers predicted that the Warriors would do nothing. In fact, Coach Schmidt has produced a winning team every year he has coached in Granite.

The matmen scored 846 team points to 328 points scored by their opponents. The Warriors had outstanding wins over Springfield Southeast 48-5, Normandy 53-0, and Peoria Richwood 45-6. For the third consecutive year, the matmen defeated their greatest rival, Granite North. South, behind 21-0, had an amazing comeback. The Warriors turned the tables, crushing North's hope for victory by defeating the Steelers 25-23.

Mark Naglich led the team this year with the most pins, eleven. The fastest pin was by Alan Schuler who defeated his Collinsville opponent in 27 seconds.

★★★★★★★★★★★★★★  
 The key to a winning team is Schmitt, practice, practice, practice and a prayer.

Jay Fedora

If you lose a match, it's because you lost, not your buddy.

Jerry Patterson

Everyone fights for every point.

Ed Fetter

Our team was successful because we ended up first in district, even though we were ranked fifth.

Glenn Moore

Not only has Coach Schmitt built up my stamina, but I have learned to control my temper and my mouth.

Alan Schuler

Although our team was inexperienced, we still won the majority of our meets—We beat North!

Kevin Wilson

In wrestling you use practically every muscle in your body and you must be limber enough to bend out of shape.

Darrell Hasty

My favorite move is anything that works for me at the time.

Sam Perkins

Practice is the key to a winning team.

Barry Forshee

Coach Schmitt gave me confidence in myself.

Brian Basore

Wrestling requires that you use every bit of strength and skill during a match.

Mark Naglich

I feel the challenge system is unfair because you have been practicing with your opponent and you know each other's moves.

Randy Basore

# Underclassmen Wrestling Successful Year

Wrestling is the only sport that has fair competition for a person of my size.

## Scott Clement

Losing weight is one pressure that wrestlers face that no other athletes face.

## Ron Cline

The freshman matmen ended their season with six wins, two losses, and second place in the Freshman Tournament held at South. Although many meets were won by a narrow margin, the Warriors had a dominating win over Woodriver by a score of 66-6.

Vahe Habesian lead the freshmen in total points scored for the team with 42. Rocky Lupardus and Ken Justus were also impressive scorers. Rocky, with credits of four pins and three decisions, had the second fastest pin. Steve Wilson had the fastest pin, thirty-five seconds.

The sophomore squad also had a year of success. The Warriors had nine victories and only one loss. Of four tournaments, the sophomores took three team first places and one second. The squad had devastating wins over Woodriver, Belleville East and McCluer North.

Statistically, Mike Forshee lead the squad in total team points with sixty and had the fastest pin, thirty-seven seconds. Parkway North Tournament Wally DeShon had the quickest pin in fifty-four seconds. Scott Clement was also a top scorer with forty-eight points.

## Varsity Basketball Team Rebuilding

For the first half hour of practice the players improve on shooting skills. Next we work on the 3 lane weave, 2 on 1, and scrimmage the remainder of practice.

**Jim Nolan**

Despite an unimpressive record the Warriors had much individual talent this year. The season was highlighted by the victory over Peoria Woodruff. Peoria, an undefeated team, was ranked first in the tournament. Outstanding playing by the Warriors lead the team to an upset of 71-68.

Jim Nolan lead the team in field goals with 284 points and was first in rebounding. Frank Holmes was first in free throws, making 64%. Jim Nolan second with 63% and Rick Fancher third with 58%. Terry Angle and John Slay were also top scorers with averages of 50%.

Several of the Warriors games were lost by a narrow margin. The Warriors did have a strong win over Rosary by a score of 74-48. With a young, experienced team and a new coaching staff the Warriors hope to avert their losses. Over Christmas break, the team placed fourth in the Edwardsville Holiday Tournament. By defeating their first two teams, the Warriors advanced to the semi-finals where they suffered two defeats. However, the Warriors did receive a fourth place trophy.

My most memorable moment this year was when we received our trophy in the Edwardsville tournament.

Rich Fancher

My best shot is a three pointer at 40 feet away.

Eldon Warfield

Our team showed its potential and ability when we defeated Peoria Woodruff in the Edwardsville Holiday Classic.

David Rhodes

My most memorable was when I got a technical foul before the Madison game.

John Slay

My best shot is a ten foot jump shot from the corner.

John Lakin

My most memorable moment was against East Side when I received 15 points and made a shot over Anthony Williams.

Terry Angle

Our school needs to show more school spirit by both players and school body and would improve our team.

Tim Anderson

Our team could be improved if we were better disciplined and had a better attitude.

Tom Hennrich

Our team could be improved by having a little more support and cooperation among the team members.

Keith Champion

## Girls Field Hockey Spirit And Skills

My favorite memories in field hockey were all the banners, fun, excitement, oranges, gum, candy, and especially the spirit each girl took to every game.

### Edna Hellrich

The girls field hockey team opened their season with a 3-1 victory over Granite North. In the second round of competition, the Warriors met strong opposition, Edwardsville. After regulation play, the score was 1-1 which resulted in a tie breaker. Here the Warriors suffered their first loss but quickly rebounded to defeat Roxanna, Oakauville, Granite North, and Wood River. The field hockey team ended their season with a loss to Mascoutah.

Fine skills in stick handling, good teamwork, and two outstanding players, Edna Hellrich and Pam Meszaros, enabled the Warriors to have the successful season. Donna Macios was the most improved player this year.

# Girls Volleyball

## State Contenders

You have to be able to control the ball in order to have a good set and spike.

### Marsha Diak

The girls volleyball team reigns as the super sectional champions. Two hour practices, five days a week, enabled the Warriors to advance to the state finals. The girls learn fundamental skills of spiking, setting, bumping, and rolling. Although the ball must travel over a seven foot net, a girl's height may not necessarily be a factor. Her ability to jump or quickness to get the ball is more important.

Defeating Dupo in Districts, Wesclin in Sectionals, and Red Bud in Super Sectionals sent the Warriors to State. At State finals, the team met tough competition first round. La Grange defeated the Warriors 17-20 and 19-21 and then went on to become state champions.

1. Robin Deterding's powering spike is blocked by Belleville West players. 2. Marsha Diak practices on setting the ball before the game. 3. ## Girls Basketball Competitive Play

As captain my responsibility is to meet with the officials before we play. We discuss anything that might interfere in the game within the gym. The coach and I are the only ones who can ask any questions about the game.

### Ruth Geggus

Practices are conducted for two hours. First, the girls exercise for a half hour, and then for the remainder of practice they improve on different plays. The girls feel Miss Yates is a great coach and they enjoy basketball.

The team as a whole is responsible for spirit. Although the girls work hard at practice, teamwork and spirit make a successful season. Outstanding playing by Pam Mezaros also helped in this year's success. Pam is one of the top scorers and does a fine job in rebounding.

One of the highlights this year was the Cahokia game. The last seven seconds of play proved to be disastrous for the Warriors. After leading by one point, the Warriors committed a foul with seven seconds. The opposing player made both shots, and the Warriors were unable to score in the remaining seconds of play.

## Girls Bowling Second In Districts

Because we have no regular season matches, our first game butterflies are at the district tournament. Experience would be very helpful.

### Paula Werths

This year the girls' bowling team placed second of four teams in district competition. Paula Werths lead the team with a 170 average during the tournament. Paula had the highest series of any girl who participated in districts.

The girls practice three days a week, three games an evening. Mrs. Picard coaches the girls in form and follow through. Karen Schneider spirited the team and made this year's bowling season more memorable.

## Warrior Trainers South's Red Cross

I really enjoy helping others.

**Brent Feeney**

Granite South trainers have many responsibilities. In August, they attended a training seminar taught by Mr. Biggerstaff. The two week program enabled them to learn how to tape ankles, wrists, and knees. Special skills in human anatomy were also taught at the seminar.

The trainers also have many other responsibilities in their particular sport. Some of these are repairing equipment, putting yard markers down; in general, they satisfy the players' needs.

This year the trainers did an outstanding job and were considered to have had a very sufficient program.

## G.W. Slept Here

A play requires much time and patience, but in the end, it is all worth it.

**George Wilkins**

Another play this year based on the bicentennial theme was **GEORGE WASHINGTON SLEPT HERE**. Believing that George Washington once slept in an old-fashioned colonial home in Delaware, the family of Newton Fuller purchases the home. Later, the Fuller's discover that it was not George Washington who slept in their home, but Benedict Arnold. In the play, the Fuller family meet all types of people including movie stars.

The cast was chosen through open tryouts by Mr. Pennell, the director of the play. Some of the cast members included Victoria Whitehead, Brian Beljanski, Larry Burns, Michelle Smith, and George Wilkins.

Lori Winters escorted by Larry Tegal, Terry Brannam escorted by Keith Moran, Leslie Jones escorted by Bryan Bunjan.

## Attendants

I feel honored that the Student Body choose me. It was gratifying to be Homecoming Queen of 1975. It is an event I will never forget.

### Connie Hein

The climax of the homecoming festivities is the announcement and crowning of the Homecoming Queen and her escort. Backstage, moments before the curtain goes up, the announcement is made. This year's Homecoming Queen was Connie Hein escorted by Frank Barunica.

After the cries of happiness, congratulations and tears ceased, the queen and court were revealed to the anxiously awaiting audience.

The entire senior class choses the nominees for the court, and the student body selects the queen. Last year's May Day Queen, Kathy Cross crowned the 1975 Homecoming Queen, Connie Hein.

Paula Kohl escorted by Doug Hartman, Mary Burns escorted by Nick Dochwat.

Jo Aerne escorted by Kevin Konzen, Susan Ralls escorted by Jerry Patterson.

Liz Zelenka escorted by Ed Szczepanik, Robin Deterding escorted by George Wilkins.

## Homecoming Parade

The Art Club deserved first place because it took much effort and talent.

**Ed Webb**

This year's homecoming theme was "Reach out for victory". The Student Council chose several teachers to judge each entry into the three best floats. Some of the teachers selected were Mrs. Hormell, Mrs. Yates, Mr. Miller, and Mr. Lybarger.

Once again, Student Council sponsored the parade and awarded money to the top three floats. Art Club won first place of fifty dollars, Leadership won second place of thirty dollars, and the Science Club won third place of twenty dollars.

## Bloomer vs. Hoop

BLOOMER GIRL was a super job by all who were involved.

**Larry Burns**

This year's homecoming play was BLOOMER GIRL, a musical based on the trials and troubles of Dolly Bloomer, an actual historical figure during the women's liberation movement. She felt hoopskirts were impractical and bloomers were more comfortable for women.

The cast was chosen through open tryouts. Mr. King, the director, felt that the play was very successful for the amount of time that was given to prepare for the musical.

## Student Honors

Qualifying for the English award involved submitting a piece of original work as well as writing an impromptu essay.

### Don Elmore

Not many students or teachers at GCHS South realize that there are some students who are recognized with high honors. Everyone should be proud that there is someone making this school notable. Students compete for scholarships, writing contests, debate tournaments, and other activities.

The Scholar Quiz team was very successful, winning their first game by defeating Oakville High School and DeSmet High School. They proceeded to play their second game against Lindberg High School.

Every year, National Honor Society publishes a literary magazine, TOUCHSTONE which contains a variety of short stories, essays, and poems.

ILLINOIS HISTORY, a monthly magazine published by the state of Illinois, is composed of writings from state high school students on Illinois history.

## Royalty

During my term as Miss School Spirit, we have brought back Fifth Quarter to be presented annually and also have been allowed to take hoops and banners to out-of-town games so that our boys will not feel alone on the field.

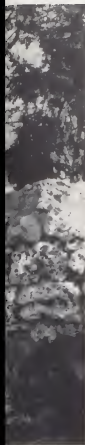

**Leslie Jones, Miss School Spirit**

The most exciting part of being a holiday wrestling queen was placing the medals on our wrestlers.

**Anita Landman, Holiday Wrestling Queen**

Lettermen had a difficult time deciding whom to choose as Miss School Spirit, however, their decision ended in a tie between Leslie Jones and Liz Zelenka. Representing GCHS/South in the basketball tournament queen competition, the basketball team chose Jo Aerne as the Holiday Basketball Queen.

The wrestling team selected the queens for the holiday and sectional tournaments. These girls frequently attend the meets, are interested in the sport itself, and support the wrestling team.

## Student Council

I ran for Student Council president because I wanted to try to do my share to help improve the school.

**Paula Kohl**

By sponsoring the Homecoming Parade and selling mums, Student Council took an active part in the Homecoming activities. Additional fall projects included selling hats, buttons, parking decals, and bumper stickers. For the convenience of the student body, a new sales booth was constructed and placed in the cafeteria.

Other activities sponsored by the Council were dances and a special movie before the Christmas holiday. Student Council further contributed to the beautification project that was started over two years ago; by installing benches between the cafeteria and the gym for outdoor lunch facilities.

The final big project this year was making the arrangements for the prom.

## National Honor Society

National Honor Society is an organization that rewards academic excellence.

### Kevin Konzen

The National Honor Society consists of juniors and seniors who have an accumulative grade point average of 4.2. Upon application and fulfillment of requirements, students are initiated in a formal ceremony in January.

Various activities this year included the annual Christmas party and the construction of a new portable bookstore. Another activity included the publication of TOUCHSTONE, a literary magazine.

# Debate Team

I like to argue systematically.

**Nancy Weil**

"The development and allocation of scarce world resources should be controlled by an international organization" was this year's debate topic.

Preparation requires at least twenty-five hours of research. Dedicated debators train and adapt their personal styles for competition by studying various cases.

## Speech And Theater Club

Speech and Theater Club promotes artistic ability.

### Jane Matoesian

The Speech and Theater Club has become more diversified by accepting members involved in plays, debate tournaments, and individual events.

The club annually sponsors homecoming activities. It determines the theme, sells gimmicks, and promotes the homecoming dance. An additional activity of the club was selling South Warrior jerseys.

The year closed with an awards banquet. Among those honored were the National Forensic League, the International Thespians, and outstanding students in debate, individual events, and acting.

# Lettermen

As treasurer, I collect and keep track of all monies turned in.

## Treasurer Rick Fancher

This year the Letterman's Club earned money by selling raffle tickets and Halloween insurance. They sponsored the donkey basketball game between the Lettermen and the coaches. Fifty dollars was donated to the can drive sponsored by Student Council at Christmas. The members also went Christmas caroling.

During basketball season the club is responsible for having ushers at the games. On activity night, basketball, volleyball, and other games were played.

## Leadership

Leadership helps you become more independent.

### President Ruth Geggus

During the year girls in Leadership served as assistants in girls PE classes and they also acted as officials. A hat check room for all community functions held in our cafeteria was provided.

The club assisted with schedule changes and with book rental collection. They were also responsible for helping with College Night. The girls took an active part in the Parkview Elementary School Open House. Helping with the Elementary School Sports Day was another project of the club. During the Girls IHSA District Tennis Tournament they were responsible for helping girls who were participants.

Over the holidays the girls went Christmas caroling and decorated the girls' gym. At Christmas candy and toys were given to the children of a needy family.

Projects for raising money included selling book covers, having a Work Day, and selling yearbook covers.

## Chess Club

Chess helps me become a strategic thinker.

### Mark Prokovich

Meeting twice a week for a two hour session, the Chess Club has expanded its program greatly. Intersquad meets challenge and prepare club members for the Conference Championship Tournament, which climaxes the year. The competition includes Alton, Assumption, Belleville East, Belleville West, Cahokia, East St. Louis, Edwardsville, Granite City North, Lincoln of East St. Louis, Mascoutah and O'Fallon.

A conference champion is determined on the weekly record of the participants. Each member studies basic techniques and applies them to his own unique style of play.

## Photography Club

Photography is more than taking pictures. A photographer can be as creative as any artist.

### Kevin Trobaugh

The Photography Club promotes fundamentals in taking pictures and developing film. Such techniques as processing negatives, making proofs, printing, and enlarging pictures are taught during the course of the year.

A new darkroom was equipped and opened this year in the basement near the Guidance office. Equipment used in the darkroom includes a dryer, enlarger, and contact printer.

A contest, consisting of a black and white and a color division, was held among club members. Top winners in the black and white division were Kevin Trobaugh, Steve Jones, and Rick Heath. Award winners in the color division were Kevin Trobaugh, Mark Lemp, and Doug Irving.

# Girls Athletic Association

G.A.A. to me is a physical outlet for all my energy.

**Ellen Zelenka**

The Girls Athletic Association welcomed the freshmen at the Back-To-School Party. Games were played and the girls learned about the requirements necessary for being active in G.A.A. The girls must attend business meetings, work on committees and earn participation points. In the fall a potluck was given and the girls enjoyed playing games.

During the holidays a Christmas Party was held and refreshments were served to the members. Awards were presented to the girls who have been active members during the year at the Mother-Daughter Banquet.

The fathers enjoyed a night out with their daughters at the Daddy-Daughter Date Night. The fathers and daughters competed in games and refreshments were served. The school year ends with a Playday where the positions for the next year's board are announced.

## Red Peppers

I feel that school spirit is very important. Both spirit and enthusiasm have brought South students closer together.

Liz Zelenka

Red Peppers President

The purpose of Red Peppers is to promote school spirit at athletic events. The club sponsors busses to the away athletic events and organizes cheering sections at home games. Pep rallies and Color Day were organized by the club in order to show the teams that the school is behind them. This year the club sponsored a Fifth Quarter at the end of each season to give recognition to the players. Scrapbooks were given to all senior lettermen. Track record books which contained statistics from track meets were presented to the members of the team.

The club expanded by letting boys join the club. In order for a member to be active, he must attain seventy-five points by cheering at games, working on committees, and attending meetings. Awards were given to the active members at the end of the year.

## Cheerleaders

As cheerleaders, win or lose, we're always behind the team.

### **Dawn Gasparovic** Football Cheerleader

My most trying experience was getting the players to sing the school song on the bus.

### **Linda Graklanoff** Soccer Cheerleader

Cheerleading is a serious job. Long hours of practice and team work are required of each member. They add greatly to the school spirit through their own morale and vocal support. On the long treacherous journeys to and from the games, cheerleaders make the bus ride a little more tolerable by adding to the pre-game excitement.

To qualify for cheerleading, a girl must be active for at least two semesters in Red Peppers and be able to meet eligibility requirements. Then a panel of club representatives and teachers make the final choice.

# Social Studies Club

I have really enjoyed working with the members of the Social Studies Club. We have had a great deal of fun while working toward our goals.

**Susan Wofford**

The Social Studies Club set as its primary goal a trip to Washington, D.C., during the spring vacation. The bicentennial trip included visits to such historic sites as Williamsburg, Virginia; Jefferson's home, and Gettysberg, as well as Washington, D.C. The students started in early September to raise the six thousand dollars necessary for the trip. Money-making projects included a car wash, candy sales, and the sale of Florida citrus fruit.

Other activities included a Christmas party for patients of the Alton State Mental Hospital. Members presented a Christmas program as well gifts and refreshments.

In March the club sponsored a mock presidential nominating convention, for both political parties. Students gave nominating speeches for all of the presidential candidates. The club members and volunteers from the student body served as delegates from the fifty states. The final result was the selection of nominees to represent both parties in the November election.

A guest speaker, Mrs. Ruby Harris, from the Madison County Historical Society presented a lecture and showed slides of Iceland.

## Art Club

A part of us will always remain in the murals that we painted.

**Jo Aerne**

Adding to the modernization of the school building, the Art Club designed and painted additional murals in the main entrance way. Members Jan Juneau and Linda Graklanoff contributed their talents by painting a Warrior emblem in Mr. Wojcik's room. Nikki Condis and Ed Webb, assisted by Mr. Smoltz, also painted a graphic design in his room.

Larry Ferrere and Mary Beatty put final touches to homecoming float.

## Band

The band helped me to get a scholarship to Carbondale.

**Steve Boston**

The band plays a vital part in promoting school spirit during the home football games, basketball games, and pep rallies. Individual members of the band go to state for solos and ensembles as well as the entire band. They have been first for many years now. This year they were voted Band of the Month in Illinois.

The Stage Band performs concerts which include old and new jazz music. The piano, drums, bass guitar, trumpets, trombones, and saxophones make up the Stage Band. The flag girls execute precision drills to the music of the band during the pregame and half-time shows at the football games.

A band member must pass six basic requirements in order to be a band letterman. The requirements are in tonguing, playing and clapping rhythms, minor and major scales, knowing musical terms, and attending all the concerts and rehearsals.

## Vocal

Vocal gives you a chance to learn the correct way to sing.

### **Tammy Gelsinger**

Advanced Mixed Chorus is only for top vocal students. They perform a wide variety of difficult sacred and secular music. In December they attended the "Sing Along Messiah" at Powell Symphony Hall and competed at the state contest. Madrigals is a small, select performing group of seventeen outstanding students. Making many public appearances at civic organizations throughout the year, their performances are staged with dancing and singing. They also participate at the state ensemble contests.

Girl's Glee is a half hour chorus for girls who do not have room in their schedules for an hour of vocal, but who wish to participate. A large group, they sing all types of music. Boy's Choral deals with problems particular to men's voices. They meet for a half hour and perform many types of music.

Future Homemakers of America provides the knowledge to guide us through life and encourage us to take a step into the future.

## President Denise Ramirez

The Future Homemakers of America earned money by selling candy, candles, and stationery. The club sponsored a dance in the fall.

A basket of food was donated to a poor family at Thanksgiving. During Christmas, toys and candy were given to the orphans in Alton. A Christmas party was held for the members and gifts were exchanged. Another visit was made to the orphanage at Easter.

A trip to the Colonial Bakery helped the girls understand what was involved in making bread. The Mother-Daughter Banquet was held in the spring. At the dinner, awards were presented to the girls.

## FSA

I feel FSA has been rewarding in helping my development as a secretary.

### President Nancy Bezan

The Future Secretaries Association is a national organization sponsored by the National Secretaries Association. Monthly educational meetings with guest speakers help the students learn how to perform better on their future jobs. Guest speakers included a representative of Mary Kay Cosmetics, Belleville Area College, a lawyer, and a court reporter. The girls who were in the club last year came and explained their jobs.

Various activities planned throughout the school year included having the senior girls work in an office for a day. Over the holidays the girls went to a nursing home where they stuffed stockings and sang Christmas songs.

**Main Office Assistant**

Working in the office is a lot of fun and better than a study hall.

**Lisa Minner**

**Attendance Office Assistant**

Working in the office gives me a chance to meet people.

**Star Condis**

**Guidance Office Assistant**

The main office assistants perform many tasks similar to those of the secretaries. Their duties involve sorting and delivering the mail, running errands, and addressing failing notices.

The girls working in the attendance office collect and mark absentee slips, deliver messages, file records, and handle dismissals. They also run errands for the assistant principals.

Some of the duties which involve the guidance office assistants include alphabetizing student files, running errands for counselors, and answering the counselor's phone.

## Library Assistants

I really enjoy working in the library because I feel I do a service to the school.

**Cindy North**

The library assistants are responsible for checking out books, collecting overdue book fines, keeping the shelves neat and clean, placing books back on the shelves, putting newspapers away and helping with the magazines. Helping students find material in the card catalog and taking slips to study halls are some other duties of the assistants.

These girls volunteer to give up their study hall to work in the library. This enables them to really know and understand the details and amount of work in running a library.

## AV Assistants

Watching Johnny Quest on TV is great.

**Stan Myers**

Some of the duties and responsibilities of the AV assistants include delivering and picking up equipment, cataloging and organizing films. They are also required to know how to operate and repair the various machines. For those teachers who do not know how to use various equipment, these boys demonstrate their skills by running the machines.

After the work is completed, some students watch television to pass the time; others view filmstrips and movies; while still others use the time to their advantage doing homework.

## High World Staff

THE HIGH WORLD is a service to the school. The staff works hard, but it is difficult to put out a really good paper with limited resources.

### Connie Corzilius

Ten students produced THE HIGH WORLD, the school newspaper. Throughout the year the staff members apply the concepts taught in Beginning Journalism. The staff practices such skills as writing news articles, editorials, sport stories, and headlines.

An average of fifteen issues, including a Senior Spotlight, is rolled off the press annually for a student price of ten cents. The actual cost of publishing each issue, however, is approximately sixty-five dollars. The expense of THE HIGH WORLD is, therefore, costly and is balanced by the use of advertising to insure its existence.

## Warrior Yearbook

Working on the yearbook staff gives the students involved a sense of pride and accomplishment. At the end of the year we have something to show for the work we have done.

### Carol Wilson

Themes, layout styles, and headline type must be decided upon the first few weeks of school. After these decisions are made, real work begins; rough drafts are designed, pictures are taken, identified, and cropped, copy written, and finally the layouts are transferred to tricopy. All this must be done to the satisfaction of our sponsor, Mrs. Hormell, before the deadlines come crashing down on the members of the staff.

One of the difficult tasks that the veteran staff faces is training new students to become oriented with new concepts and language of yearbook techniques.

To meet the cost of such expenses as film, printing, camera equipment, and mailing, the staff held a dance and sold needlepoint kits.

## Yesterday Once More Memories

First day . . . renewing  
old acquaintances.

Elections . . . voting for  
class leaders.

Senior class meetings  
. . . choosing announce-  
ments.

Homecoming . . . at-  
tending the coronation of  
the queen.

Sports . . . supporting  
the Warriors.

Clubs . . . earning mon-  
ey for trips.

Holidays . . . enjoying a  
break from school.

Second semester . . .  
realizing that the year is half  
over.

Spring . . . shedding  
the doldrums of winter.

Prom . . . dancing and  
eating all night.

May Day . . . honoring  
senior girls.

Tacky Day . . . acting  
crazy for the last time.

Recognition Assembly  
. . . receiving scholarships.

Finals policy . . . re-  
stricting senior's freedom.

Yearbook . . . preserv-  
ing your memories.

Graduation . . . climax-  
ing your high school years.
